

What kind of crap is this? Are you saying the tv I just spent \$4000 on will be defunct once this gets put into play?! You'll have a nationwide riot on your hands if you do this. There are MILLIONS of people with TV's they've had for YEARS at home. You'll be FORCING them to get rid of them because they'll be of no use. I'll be keeping my eye on you FCC.
